

European Spring School 2009

Supramolecular Organized Nanostructured Materials
for Optoelectronic Applications

a joint activity of the

European Marie-Curie Research Training Networks

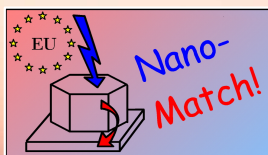

NANOMATCH & THREADMILL

featuring: ICMol workshop on Molecular Materials

ESON'09

Peñíscola, Spain
19.-24.04.2009

Local organization:

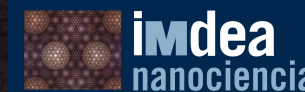

Begoña Milián Medina (ICMol, University of Valencia, Spain),

Coordination:

Johannes Gierschner (IMDEA Nanociencia, Madrid, Spain & Univ. Tübingen)

Hans-Joachim Egelhaaf (Konarka Techn. Nürnberg, & Univ. Tübingen)

Franco Cacialli (UCL, London, UK)

European Spring School 2009

Supramolecular Organized Nanostructured Materials for Optoelectronic Applications

a joint activity of the European Marie-Curie Research Training Networks **NANOMATCH & THREADMILL**

www.nanomatch.eu

www.threadmill.eu

Date: 19.-24.04.2009

Venue: Hostería del Mar [www.hosteriadelmar.net]
Peñíscola, Spain

Meeting: Presentations by the Young Researchers of the Marie Curie Networks

Lectures: 1-3 h lectures by experts in their field with key presentations in

Basic Processes in Organic Solar Cells

List of speakers (confirmed):

P. Blom, B. Albinson, C. Waldauf, G. Farinola, B. Lüssem, O. Inganäs, L. De Cola, P. Samori, C. Zannoni, R. Schmechel, A. Meixner, N. Martín

Workshop: Presentations of the ICMol, Valencia & IMDEA, Madrid

List of speakers: L. Serrano-Andrés, H. Bolink, B. Milián Medina,

E. Coronado, R. Miranda, E. García-España, A. Forment, J.C. Sancho García
